Commencement Ceremony

HUMPHREY COLISEUM
SPRING 2025

Thursday, May 15, 2025
1:30 P.M. | 6:30 P.M.
Friday, May 16, 2025
9:30 A.M. | 3:30 P.M.

MISSISSIPPI STATE UNIVERSITY®

May 2025

Dear Graduates,

Congratulations! This is a truly special day for you, and it is also a special time for our university and for me personally. As a fellow Mississippi State graduate, I welcome you to our alumni family. Graduates of this university — *your university* — have been going out into the world since the very first commencement in 1883. They've helped change the state, the nation, and the world — excelling in business and industry; in medicine, science, engineering, and agriculture; in education, government, and public service; the social sciences, arts, and humanities; and a wide range of other disciplines.

With your newly earned degree, I am confident you are well prepared for whatever comes next, and I know you will continue to uphold our timeless values of integrity, hard work, and respect for all. As you celebrate today's milestone with your family and friends, I want to remind you that Mississippi State University will always be a part of you. I want you to continue being a part of this special place by joining the MSU Alumni Association and returning often to visit us. I look forward to seeing you back on campus in the years to come.

Congratulations again on this most significant achievement. Godspeed — and Hail State!

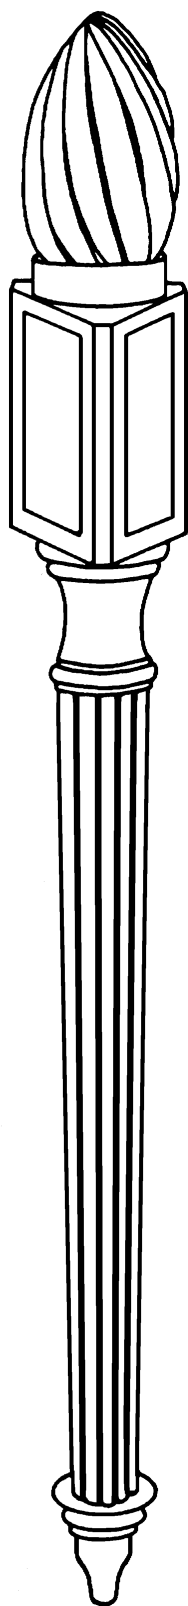

Sincerely,

Mark E. Keenum
President

Office of the President

4000 Lee Hall • P. O. Box 6018 • Mississippi State, MS 39762-6018 • Phone: 662-325-3221 • president@msstate.edu

THE MACE

The Mace is a club-like staff used in academic ceremonies, especially Commencement. It represents the President's authority and leadership. The Mace is carried by the Mace Bearer, who leads the procession.

The design of the Mace you see here today is symbolic of Mississippi State University's primary missions. The carved flame at the top represents the Torch of Knowledge. The three "faces" under the torch are symbolic of our three-faceted mission – Learning, Research, and Service. The staff comprising the rest of the Mace represents the faculty and staff who serve in support of the goals of the institution.

The Mace of Mississippi State University was made by the late Francis Newton Matthews, Associate Professor of Industrial Education. He was an authentic craftsman in woodwork. This Mace is a fitting testimony to the intricate skills he possessed and his love for the craft that often found outlet in the creation of things of beauty such as you see here.

MACE BEARER

Mrs. Amber Robinson
Instructor of Mathematics
College of Arts & Sciences

2024 John Grisham Master Teacher Award Recipient

MISSISSIPPI STATE UNIVERSITY

At Mississippi State, we're redefining the role of a land-grant university. We provide an innovative, hands-on learning experience, meeting all students where they are and equipping them for a world that needs their talent. We're working to help our communities prosper while exploring cutting-edge solutions to the world's biggest challenges. MSU opened in the fall of 1880 as the Agricultural and Mechanical College of the State of Mississippi.

Today, we stand as one of the nation's leading research universities, providing access and opportunity to students from all sectors of the state, as well as from all 50 states and 85 countries. A Carnegie Foundation R1-Very High Research Activity doctoral university, Mississippi State is among the National Science Foundation's Top 100 research universities and ranks in the top 5% nationally in agriculture-related research, a position we have held for over two decades. Our research and development expenditures reached \$303.4 million in Fiscal Year 2022, accounting for more than half of the total \$565.3 million spent in this area by all Mississippi institutions.

Further setting MSU apart is our commitment to strengthen global food security and eliminate starvation in developing countries, our designation as the national lead university for the FAA's Center of Excellence for Unmanned Aircraft Systems, and our pursuit of solutions to large-scale problems in automotive design, cybersecurity, and weather and ocean modeling via the world's fourth fastest academic supercomputer. From building the world's first autonomous SUV to exploring new entrepreneurial opportunities to discovering energy solutions for tomorrow in the largest university-operated high voltage lab in North America, our student-led teams are thinking beyond boundaries to build a better future. In short, we're taking care of what matters in the 21st century, and we're starting locally, or "in our own backyard."

Through the Years

1862 The Morrill Act establishes a nationwide system of colleges called the land-grant system, endowed by grants of public lands.

1878 Mississippi A&M in Starkville is established as Mississippi's land-grant institution.

1880 Institution opens its doors to 354 students.

1887 The Hatch Act establishes the agricultural experiment station system with a focus on applied research.

1888 The Mississippi Legislature passes the experiment station act that helps lay much of the groundwork by introducing the first experiment station bill in 1885.

1892 The state legislature appropriates funds for a "mechanical" (i.e., engineering) curriculum at Mississippi A&M.

1898 First electric lights used on campus.

1902 The School of Engineering is established.

1914 The Smith-Lever Act establishes the cooperative extension system to share knowledge directly with farmers and farm families.

1918 The Mississippi Legislature assigns responsibility for extension work to Mississippi A&M College.

1920 International students begin attending MSU.

1932 Mississippi A&M College becomes Mississippi State College.

1933 Mississippi State becomes a charter member of the Southeastern Conference.

1954 A separate School of Forest Resources is established.

1958 Mississippi State College becomes Mississippi State University.

1959 Old Main, at one time thought to be the largest college dormitory in the United States, burns.

1961 The position of vice president for the agricultural division is established.

1962 The McIntire-Stennis Forestry Act passes, further establishing the importance of commercial forests.

1963 MSU's all-white Bulldog basketball team makes national news by defying an unwritten state law and surreptitiously departing Mississippi to play against the integrated Loyola (Chicago) Ramblers—and its four African American starters—in the NCAA Tournament. Though MSU lost the game and Loyola went on to win the national championship, a courageous trend of defying segregation and embracing equality had begun.

1964 The Mississippi Legislature, recognizing the significance of 17 million acres of commercial forestry to the state, establishes the Forest Products Utilization Laboratory.

1965 Richard Holmes, MSU's first African-American student, enrolls without incident.

1972 Mississippi State University-Meridian is chartered as a degree-granting instructional site under the direction of the Board of Trustees, State Institutions of Higher Learning.

1974 The Mississippi Legislature approves the establishment of the College of Veterinary Medicine.

1977 The MSU Extension Service's 30-minute "Farmweek" TV program debuts statewide on Mississippi public broadcasting stations. "Farmweek" is the longest-running program of its type in the nation.

1994 The Forest and Wildlife Research Center is established by the legislature.

1996 MSU's men's basketball team advances to the NCAA Final Four Tournament for the first time in school history. This achievement remains unequaled in State history.

2002 With a \$25 million gift, the College of Engineering becomes the James Worth Bagley College of Engineering.

2003 The Stuart C. Irby Jr. Studio, named for the late Mississippi businessman and philanthropist and building donor, opens as the new Jackson home for MSU's fifth-year program in the School of Architecture.

2004 MSU breaks into the nation's top 25 in engineering research.

2006 Montgomery Center for America's Veterans, named for MSU alumnus and former U.S. Congressman G.V. "Sonny" Montgomery, opens with a mission of supporting the academic careers of veterans and assisting them with job placement at graduation.

2010 MSU enters an agreement with the Food and Agriculture Organization of the United Nations to address poverty and world hunger.

2011 Mississippi State receives a RU/VH: Research University (very high research activity) designation from the Carnegie Foundation for the Advancement of Teaching.

2012 MSU becomes one of only five universities in the nation to share the distinction of hosting a presidential library when the Ulysses S. Grant Association board of directors designates the Ulysses S. Grant Collection at Mitchell Memorial Library as the Ulysses S. Grant Presidential Library.

2013 MSU's Diamond Dogs make school history in the 2013 College World Series by playing in the finals for the first time. It was the ninth time the Bulldogs played in the College World Series.

2014 An English and philosophy double-major from Vicksburg, Donald M. "Field" Brown, is awarded the Rhodes Scholarship.

Mississippi State's 2014 football team becomes the fastest squad in college football history to rise from unranked to No. 1, a spot it held for five weeks. The Bulldogs, who earned a trip to the Capital One Orange Bowl, finished the season with an impressive 10-2 record, while posting a perfect 7-0 mark at home for only the second time in school history.

2015 The Federal Aviation Administration selects an MSU-led team to operate a new National Center of Excellence for Unmanned Aircraft Systems, launching a new era of commercial unmanned aircraft research, development and integration into the nation's air space.

2016 Inspired by an overwhelming response to "Infinite Impact" - the most successful fundraising campaign in university history - President Mark E. Keenum announces an historic retargeting to raise \$1 billion by 2020.

2017 Posting its best record in school history, including a historic Final Four semifinal win that snaps UCONN's 111-game winning streak, MSU's women's basketball team finishes as national runner up in the 2016-17 season.

2018 MSU celebrates its 140-year anniversary by recording the largest fall enrollment in university history at 22,201 and becomes one of only 10 percent of U.S. colleges and universities to shelter a chapter of Phi Beta Kappa, the nation's oldest and most prestigious academic honor society.

Construction begins on the 70,000-square-foot Richard A. Rula Engineering and Science Complex, providing state-of-the-art

facilities for the Department of Civil and Environmental Engineering in the James Worth Bagley College of Engineering.

For the second consecutive year, the MSU women's basketball team finishes the season as national runner-up in the NCAA national championship game.

2019 For the second consecutive year, the Bulldog baseball team reaches the pinnacle of the sport—the College World Series in Omaha, Nebraska. And, MSU completes \$68 million in renovations to Dudy Noble Field, with fans labeling it the "Carnegie Hall of College Baseball."

The university strengthens its reputation as a leader for cutting-edge computational research with the installation of the "Orion" supercomputer, the 4th fastest academic system in the U.S.

2020 After a decade-long run, MSU's Infinite Impact fundraising campaign closes with \$1.07 billion in private gifts to advance the university, a philanthropy milestone previously never achieved by an educational institution in the state of Mississippi.

2021 In the decisive Game 3 of the 2021 Men's College World Series finals, Mississippi State batters Vanderbilt by a score of 9-0, claiming the Division I National Baseball Championship. It's the first national championship for the university in any team sport.

2022 A top 5 national ranking for support of free speech positions MSU among the most supportive university climates in the U.S. for student expression. Ranked No. 4 by the Foundation for Individual Rights in Education, MSU is the only SEC and Magnolia State school in the list's top 20.

Teros, the largest, most sophisticated uncrewed aircraft at any U.S. academic research institution, is unveiled at MSU's Raspet Flight Research Laboratory. Globally, Raspet is the only designee as both the Federal Aviation Administration's UAS Safety Research Facility and an official UAS Test Site for the FAA.

2023 The university reaches an unprecedented level of fundraising success with an astounding \$259.9 million in gift commitments—eclipsing all previous single-year fundraising records among the state's public institutions of higher education. It marks the 10th consecutive year of private gifts totaling \$100 million or above, with transformative support from alumnus George Bishop and his wife, Kathy.

MSU officials open the nation's first Agricultural Autonomy Institute, the only interdisciplinary research center focused on autonomous technologies to enhance on-farm precision and efficiency.

2024 MSU reports \$320 million in research expenditures during the 2024 fiscal year, accounting for over half of Mississippi's total higher education research spending.

A university economic impact study finds MSU contributes \$3.9 billion annually to the state's economy, sustaining 80,000 jobs and returning \$25 for every \$1 in taxpayer investment.

MSU reaches its highest enrollment in history with 23,150 students and becomes the only public university in Mississippi to grow in nine of the last 10 years.

A new research center—the Athlete Engineering Institute—is the first in the nation to change the game for human performance and new technologies, using wearable devices to collect data that is aiding athletes, defense manufacturing, the shipbuilding industry and more.

2025 An agreement between MSU, the U.S. Air Force, City of Biloxi, and State of Mississippi establishes construction of the Mississippi Cyber and Technology Center, a 100,000 square foot facility launched as a national hub for cybersecurity expertise and research at Keesler Air Force Base.

Richard H. Puckett

Honorary Degree 2025
Doctor of Public Service

Richard H. Puckett, a 1977 Mississippi State College of Business graduate, is the chairman and former CEO of Puckett Machinery Company, a Caterpillar Dealer for Central and South Mississippi. Puckett has served on the board of Trustmark National Bank since 1995 and as Independent Lead Director since 2020. Puckett became the president and general manager of his family company, Puckett Machinery, in 1987.

His former community contributions include serving on various boards such as the Mississippi Roadbuilders Association, Mississippi Asphalt Paving Association, and Jackson Metro Chamber of Commerce. He also has supported Mississippi State in various capacities, including as a member of the College of Business Executive Advisory Board, MSU Foundation, and West Side Fund Board.

Puckett and his wife Mary Lampton Puckett are members of St. Philip's Episcopal Church in Jackson. They live in Madison and have four children, Hastings Puckett (Amanda), Susie Foral (Ray), Rob Puckett (Katherine), and Katie Ginn (Marcus), and nine grandchildren.

Anthony L. Wilson
Honorary Degree 2025
Doctor of Public Service

Anthony L. Wilson is chairman and CEO of Mississippi Power, which provides clean, safe, reliable and affordable electricity to southeast Mississippi. He has worked more than 40 years for Mississippi Power and the Southern Company system, starting in 1984 as an engineering cooperative education student in Biloxi. He recently concluded a three-year term as chair of the Mississippi State University Foundation after previously serving for three years as vice chair. He is currently on the Bagley College of Engineering Advisory Council and was honored as the Alumnus of the Year in 2023.

Wilson is a statewide advocate for economic development, workforce development and education. In 2020, during his term as chair of the Mississippi Economic Council, the MEC's "It's Time" campaign garnered more than 1,000 businesses and individuals in support of the Legislature's historic votes to change the divisive state flag that had flown since 1894. It was replaced with an inclusive design that has changed perceptions about the state and enhanced its image globally.

Wilson recently served as chair of the Mississippi Aquarium Foundation to support and open the state-of-the-art facility, one of the state's major tourism attractions. In another statewide leadership role, Gov. Tate Reeves appointed him to lead the Energy Impact Committee for the Restart Mississippi Commission on Economic Recovery related to COVID-19. He was also appointed chair of the Economic Development Committee for the governor's Gulf Coast Advisory Committee. He is chair for the Mississippi Partnership for Economic Development and the past chair and a current board member of both the Mississippi Economic Council and the Gulf Coast Business Council. He also serves on the board of William Carey University and the Mississippi Energy Institute.

A native of D'Iberville, Wilson and his wife Tonya have three daughters – Meghan, Katie and Natalie – and three grandsons – Leo, Max and Henry. He earned a bachelor's degree in electrical engineering from Mississippi State University and an MBA from the University of Southern Mississippi. He is also a graduate of the Oxford University Advanced Management Program as well as Leadership Mississippi.

Susannah Spry
Cameron Javon Taylor

UNITED STATES ARMY

Robert Phelps Blake
Greyson Ray Bogle
Alyssa Faith Brown
Yasmin Kamyia Chambers
Zachary Russell Cook
Joshua Alan Park
Lanisha Dianna Richardson
Olivia Nicole Shackleton
Hayden Rhys Takerer
John Peyton Townsend
Sera Eugenia Zell

THE ACADEMIC PROCESSION

For the benefit of our guests, the following information may prove helpful in identifying the academic regalia used in the Commencement Procession.

Black is the recommended color for all academic regalia; however, the Mace Bearer's regalia is gray, accented with maroon velvet, and includes the traditional hood. Bachelor's gowns are untrimmed, and master's or educational specialist gowns feature maroon satin front panels. Doctoral gowns are faced with velvet front panels and three velvet bars across the sleeves.

The hoods, differing in length for master's or educational specialist and doctoral, are lined with the official colors of the college or university conferring the degree, usually with one color forming a chevron pattern over the other. Hoods are edged and bound with velvet of the color appropriate for the degree.

Mortarboards are the approved headgear for bachelor's, master's, and educational specialist graduates, and tams for doctoral graduates. The tassels may be of gold, representing a doctoral degree, or maroon and white for master's, educational specialist, and bachelor's degree recipients.

The colors associated with the different subjects are as follows:

Brown	<i>Fine Arts</i>	Peacock	<i>Public Administration</i>
Citron	<i>Social Work</i>	Pink	<i>Music</i>
Copper	<i>Economics</i>	Purple	<i>Law</i>
Crimson	<i>Journalism</i>	Royal Blue	<i>Philosophy</i>
Gold	<i>Science</i>	Russet	<i>Forestry</i>
Gray	<i>Veterinary Medicine</i>	Sage Green	<i>Kinesiology</i>
Lemon Yellow	<i>Library Science</i>	Sapphire Blue	<i>Business, Accounting</i>
Light Blue	<i>Education</i>	Scarlet	<i>Theology</i>
Maize	<i>Agriculture</i>	Silver Gray	<i>Speech</i>
Maroon	<i>Human Sciences</i>	Violet	<i>Architecture</i>
Orange	<i>Engineering</i>	White	<i>Arts, Letters, Humanities</i>

The Mace Bearer will lead the processional with the President and his party.

ALMA MATER

(Audience Participating)

“MAROON AND WHITE”

In the heart of Mississippi,
Made by none but God’s own hands,
Stately in her natural splendor,
Our Alma Mater proudly stands;
Mississippi State we love you,
Fondest memories cling to thee,
Life shall bear thy spirit ever,
Loyal friends we’ll always be.

CHORUS:

Maroon and White! Maroon and White!
Of thee with joy we sing;
Thy colors bright, our souls delight,
With praise our voices ring.

Words by T. Paul Haney, Jr.

Music by Henry E. Wamsley

Mississippi State University has contracted Pro Pics to take professional portraits of the graduates during the ceremony. Photos of the graduates with the President, as well as individual portraits, will be available for purchase from Pro Pics following the ceremony. If you would like to receive your graduate’s proofs, please go to **www.MSUphotos.com** to submit your information.
